

# I WAS DELIVERED FROM MURDER!!

As a junior in high school, I was introduced to a boy on the football team, who later became a good friend. We started to like each other but as the school year ended, he graduated and we lost touch. It wasn't until a couple of years later that we bumped into each other and decided to "hang out" to catch up on old times. Because old feelings were still there, I decided that it would be fun to see what he had been up to. We met up and decided to get some drinks, smoke some weed, and relax at a local motel. Everything was okay until he wanted something that I did not want to give-SEX! I was raped and left in the motel feeling dirty and scared to tell anyone. Shortly after the incident, I began to plot how to kill him. I knew where he worked and devised a plan to murder him and get away with it. I would lay in the bushes across the parking lot with a sniper gun and wait! I knew some people (ex-cons) who could get me whatever I needed to carry out the plan. However, every time I would go through the plan in my mind there would come a thought that would make me question what was I really about to do. Am I ready to take another human life? No, you can't do that!

Looking back, that was the Lord! But the enemy is always at work because a year later a family member found out about the incident. They approached me with a very serious proposition. If I could give any info on the boy, a "hit" could be put on his life to have him killed! You see, this family member had a connection with the New York mafia. Being shocked, all I could say was no! I couldn't believe that yet again I had a choice to choose life or death for another human being! That is a serious crossroads to encounter and I thank the Lord that even before I was saved He destroyed the enemy's plan for my life. You see, the devil had a plan to ruin the boy's life and mine. The Bible says that he came to "kill, steal, and destroy" and he is always at work trying to make that happen. If the Lord had not stepped in, I truly believe I would be serving life in prison or dead. It is only by the grace and mercy of God that I did not commit murder in any way and have truly forgiven this boy. Jesus delivered me from the spirit of murder and gave me a new life. I gave my life to the Lord and have been saved and baptized in Jesus name since August, 2004. I thank the Lord for His goodness and His keeping power to prevent me from ever being in sin again!
