

THE CHOICE

When I look at the world in its condition, my heart hurts. The crack and PCP is killing our young men and women. What is happening to the world? My name is Stanley Watts, Jr. I once had a dream of becoming somebody. I graduated in 1982 from Chamberlain Vocational High School and then went on to further my education. I played basketball but that was all a dream. When I came home on Christmas break, I was introduced to

PCP. I sold PCP and gave it to children to sell. I became addicted to PCP, crack, and cocaine. I tried over and over to get my life back together again. It didn't work but you better believe that JESUS can help you. I am not talking about denominations (Baptist, Methodist, Holiness, Catholic, Muslim, Jehovah Witness, etc.). I'm talking about JESUS, Jehovah's salvation! Salvation has to appear to every man teaching them that they should live soberly and righteously in this present world.

When you get in trouble, God is the first person you call. Not Mom or Dad. If you are in the street trying to get your life together and get away from dope, God can give you hope. God said, "Come unto me all ye that labor and are heavy laden and I will give you rest."

Seek ye the Lord while He may be found. Call upon Him while He is near. He is near all them that call His name. His name is JESUS CHRIST. He loves you (John 3:16). Choose ye this day whom you will serve, God or man. Remember, the CHOICE is yours!
